*Commissioner Gay motioned to approve the consent agenda;  
Commissioner Wierschem seconds, all aye and motioned carried 3-0.*

**2. NEW BUSINESS:**

- a. **15-02-DR (Design Review): Kuna Caves Storage;** Applicant requests approval for a proposed monument sign on Deer Flat Road for customers to identify where this business is located.

Troy Behunin: Good evening Chairman Young and fellow Commissioners. For the record, my name is Troy Behunin; Kuna Planning and Zoning staff. The application before you this evening; 15-02-DR is for a monument sign design review approval. The owner of the property is Inake Lete. He is here tonight in case the Commission has any questions for him. The reason for this application is because the sign for his business that he is proposing actually only fits one category which is a monument sign in city code. So the reason this is required is because at the end of the monument sign section, it says that all monument signs are required to go through design review with this committee. One thing that staff would like to point out is there is a height requirement for the signs in this category and while staff does support this sign application as proposed, there is one technicality that does need to be addressed and that is the height of the sign. Staff actually views the top of the reader board sign as within the seven (7) foot limitations. There are some architectural features of the sign that exceed seven feet so it is before this body to discuss and come up with a decision about the height of the sign. If that is something we can live with, and if so, that would be the applicant's request; and other than that, they have followed through with all of their requirements, they have paid their fees and they have been very forthcoming with all of the information. The business is actually up and running and the office portion of the building will probably be open in the next two to three weeks. We're excited to get them going and this has been in the works for many, many years; probably five or seven years. I will stand for any questions you might have.

**MEETING MINUTES**  
**Tuesday, June 09, 2015**

C/Wierschem: To start with, I don't have the information in my packet, but just kind of looking at Chairman Young's here, did they indicate the location where this would be placed?

Troy Behunin: The sign is going to be placed on Deer Flat Road near the entrance to the main part of the project.

C/Wierschem: Ok. So the road that goes down to Crimson Point?

Troy Behunin: Yes, Deer Flat.

C/Wierschem: So, like a dirt path that some have used before, that kind of goes into what I'm assuming is the office building currently; is it going to be placed in the corner near there?

Troy Behunin: No, there's actually going to be a, and maybe this is a question for Inaki, but it will be paved or is paved as an all weather surface. It will be near that intersection with his private drive and Deer Flat intersects.

C/Wierschem: Ok. Thank you.

Troy Behunin: And you didn't have this in your packet?

C/Wierschem: I do not have the current packet information at all.

Wendy Howell (Planning Director): Where would you like us to send those from here out?

C/Wierschem: Oh, the email? The email during the summer; I don't get on the email during the summer. I'm sorry.

Troy Behunin: Oh. Ok.

C/Wierschem: But I'll just look at... I'll just glance over at this, thank you.

C/Young: I think what he is saying is this will go... west of Ten Mile and at the entrance to the office building...*\*\*Inaudible discussion between C/Wierschem and C/Young\*\**.

Troy Behunin: So this will be a single-sided sign set at an angle where people will be turning in, so that they can see it from multiple directions. But it will be at an angle so it will be seen, but it will not be perpendicular and it will not be parallel to Deer Flat Road, it will be at an angle.

C/Wierschem: Ok. Thank you.

C/Young: And will this sign be illuminated? Either up-lit or any lights in the trellis?

Troy Behunin: There will not be any lights on this sign.

C/Young: Ok.

C/Gay: Did you say that this was one sided?

**CITY OF KUNA

**MEETING MINUTES  
Tuesday, June 09, 2015**

Troy Behunin: Yes. It will just be read from one side.

C/Gay: Ok.

C/Young: Any other questions for Troy?

C/Gay: I don't think so. It's looking good out there.

C/Young: Yes it is. Thank you. Ok, that brings up our discussion.

C/Wierschem: Does the applicant want to...?

C/Young: Oh, I'm sorry, did the applicant have anything to add? Could you just state your name and address.

Inaki Lete: All I have to say is this... Oh, my name is Inaki Lete, 117 N. King's Road in Nampa. You know the entrance to the project kind of sits on the inside and so it will kind of be a business project down the road. We want it very nice, so some day we can have some future businesses when breaking ground right there at the corner of Ten Mile. So we are going to landscape it very nice and the sign is just part of what the project is going to be as far as letting people know who we are. But it will be landscaped very nice for future projects that might be commercial.

C/Wierschem: I do have a question. In regards to the height requirement, have you discussed with the staff an alternative since it exceeds?

Inaki Lete: We are not talking about that much of a difference, but we'll make it happen. And I think the height is about seven feet? So I don't think we're talking feet, we're just talking about few inches so I'm sure we can make something happen. The wooden frame has already been built. We did that over the winter months. Basically, all we have to do now is just have the sign company build the sign as it is designed there.

C/Wierschem: Ok, thank you.

C/Young: To me, the trellis portion is an architectural feature and the sign itself is down below that seven (7) foot requirement and by code the sign can be up to sixty (60) square feet on that face -and its well under that; it's only thirty five, a little over thirty five (35) square feet. So, at least to me, I mean I don't know...

C/Wierschem: Yeah, it does.

C/Young: Is there anything else?

C/Wierschem: Nope. Nothing else.

C/Young: Do we have any comments or thoughts?

C/Gay: I don't. Except that I think the height is very little over.

**MEETING MINUTES  
Tuesday, June 09, 2015**

C/Wierschem: But they're just talking about the structure.

C/Young: Yeah, but that's just the structure even. The signage is down below, so... if there are no other comments, I will stand for a motion.

*Commissioner Gay motioned to approve case #15-02-DR with the conditions as stated in the staff report;  
Commissioner Wierschem seconds, all aye and motioned carried 3-0.*

**3. PUBLIC HEARING**

- a. None

**4. DEPARTMENT REPORTS:**

- a. Planning Director Howell briefed the Commission on the number of new home permits issued to date (96). C/Young predicted that would continue to increase towards the fall with much of the civil work being done.

**5. CHAIRMAN / COMMISSIONER DISCUSSION:**

- a. None

**6. ADJOURNMENT:**

*Commissioner Gay motions to adjourn at 6:14 pm; Commissioner Wierschem Seconds, all aye and motion carried 3-0.*

### A. Course of Proceedings:

1. According to Kuna City Code (KCC) Title 5, Chapter 4, Section 2 (Design Review) and Title 5, Chapter 10 (Signs) Section 4-G-10; all exterior and new commercial monument signs are required to submit an application for review by the Design Review Committee (DRC). As a public meeting item, this action requires no formal public noticing actions.
  - a. Notifications
    - i. Agenda June 23, 2015
2. In accordance with KCC 5-4-2 and KCC 5-10-4-G-10, this application seeks DRC approval for exterior remodeling and a monument sign for the site.

**B. Applicant Request:**

1. Applicant requests approval from the Planning and Zoning Commission (acting as Design Review Committee) for proposed changes, additions and modifications to the existing Sandstone Building Plaza building and a proposed monument sign on North Avenue E.
2. The applicant has submitted all necessary documents and materials for review.

**C. Vicinity Maps:**

**D. History:**

The property is in the City limits and is currently zoned CBD (Central Business District). This parcel historically has had retail shops and businesses for evening entertainment.

**E. General Project Facts:** Lots 7 thru 18, Block 15 with vacated Rights-of-Way, Kuna Townsite Plat – Kuna, Idaho.

1. **Comprehensive Plan Designation:** The Future Land Use Map (FLU) identifies this site as Commercial Business District. Staff views this request to be consistent with the approved FLU map.

2. **Surrounding Land Uses:**

<b>North</b>	R-6	Medium Density Residential – Kuna City
<b>South</b>	CBD	Central Business District - Kuna City
<b>East</b>	CBD	Central Business District - Kuna City
<b>West</b>	CBD	Central Business District - Kuna City

3. **Parcel Sizes, Current Zoning, Parcel Numbers:**

- 1.48 acres (restaurant and bar).
- CBD, Central Business District
- Parcel R5070001485

4. **Services:**

- Sanitary Sewer– City of Kuna
- Potable Water – City of Kuna
- Irrigation District – Boise-Kuna Irrigation District
- Pressurized Irrigation – City of Kuna (KMID)
- Fire Protection – Kuna Fire District
- Police Protection – Kuna City Police (Ada County Sheriff’s office)
- Sanitation Services – K&M Sanitation

5. **Existing Structures, Vegetation and Natural Features:** The existing building has been in place for more than 12 years and has had many types of retail businesses inside it. The property is generally flat, and has a two part parking lot, one is paved and one is graveled which will be paved with this project. There is some existing minimal landscaping on site.

6. **Transportation / Connectivity:** The applicant has approved driveway access to/from North Avenue E and 4<sup>th</sup> Street.

7. **Environmental Issues:** Staff is not aware of any environmental issues, health or safety conflicts. This site’s topography is generally flat.

**F. Staff Analysis:**

Staff has reviewed the application and finds the proposed changes to the exterior of the building and the proposed monument sign satisfy the intent of Kuna’s Codes and fits into the overall vision of the CBD and ‘Kuna Architecture’ Guidelines.

Staff finds the application for the exterior modifications is in substantial conformance with the Design Review Ordinance (KCC Title 5, Chapter 4). The proposed monument sign is in conformance with and KCC 5-10-4-G 1, with the exception of the height – the proposed height is at ten feet. The limit for a monument sign in the CBD is seven (7) feet. Staff notes the actual ‘sign’ portion (words/advertising) of the monument is located at or near 9 feet high, and the ten foot height is the pillars/supports.

Staff was unable to locate a trash enclosure for the property. Staff recommends applicant work with J&M Sanitation for location and materials to be used.

Staff views these proposed changes to be consistent with the neighboring uses and the approved FLU map designation. Staff forwards a recommendation of approval for case No. 15-03-DRC to the Design Review Committee.

**G. Applicable Standards:**

1. City of Kuna Zoning Ordinance No. 230.
2. City of Kuna Design Review Ordinance, 2011-08.
3. City of Kuna Comprehensive Plan.

**H. GENERAL REQUIREMENTS FOR ALL SIGNS AND DISTRICTS KCC 5-10-4-G:**

Monument signs (freestanding on-premises signs):

1. For single-tenant buildings which are not within the central business district (CBD district) or within a "shopping center", monument signs shall not exceed seven (7) feet in height and the sign area shall not exceed sixty (60) square feet per side.
2. For multi-tenant buildings which are not within the CBD district or within a "shopping center", monument signs shall not exceed fifteen (15) feet at the highest point and the sign area shall not exceed one hundred forty (140) square feet per side.

3. For single-tenant buildings which are within the CBD district monument signs shall not exceed five (5) feet in height with a maximum sign area of forty (40) square feet.

4. For multi-tenant buildings which are within the CBD district, monument signs shall not exceed seven (7) feet in height with a maximum sign area of sixty (60) square feet. There shall only be one (1) freestanding monument sign for each building regardless of the number of businesses located in the that building.

5. A "shopping center" is a group of commercial establishments, planned, developed, owned and/or managed as a unit related in location, size and type of shops to the trade area the unit serves. Shopping centers shall provide services for a neighborhood or for the community..... (see KCC for full code)

In addition to any shopping center monument signs, any single-tenant building within a shopping center, and adjacent to a roadway, shall be permitted one (1) monument sign....(see KCC for full code)

6. The minimum distance between monument signs on a single parcel, shall be one hundred (100) feet.

7. No monument sign shall be any closer than fifty (50) feet from a monument sign, or other freestanding sign, on an adjacent property.

8. Monument signs are permitted to be double-faced.

9. Businesses not open twenty-four (24) hours shall turn lights on signs off thirty (30) minutes after closing; with exception to the master signs and signs indicating open or closed.

10. All monument signage is subject to design review approval.

**I. Proposed Decision by the Commission:**

*Note: This proposed motion is for approval or denial of this request. However, if the Design Review Committee wishes to approve or deny specific parts of the requests as detailed in the report, those changes must be specified.*

Based on the facts outlined in staff's report, the case file and discussion at the public meeting the Design Review Committee of Kuna, Idaho, hereby approves/denies Case No. 15-03-DRC, a Design Review request by KM Engineering (on behalf of Enrique Contreras), with the following conditions of approval:

**Conditions of Approval:**

1. Signage for the site shall comply with current Kuna City Code, as well as, *obtain a sign permit prior to construction.*
2. Lighting within the site shall comply with the Kuna City Code.
3. The applicant shall follow all staff and agency recommendations.
4. Work with J&M Sanitation for location, size and materials for trash enclosure.
5. The applicant shall comply with all federal, state and local laws.

**DATED:** This 23rd day of June, 2015.

**RE: Sandstone Plaza - Kuna, Idaho  
Design Review Application**

To Whom it May Concern:

Attached please find the design review application for improvements to Sandstone Plaza for the new location of El Gallo Giro.

Currently the site is comprised of two properties and two existing buildings, both of which are proposed to remain. 345 N. Ave. E is the existing location of Cowgirls, which is proposed to remain, and the interior of the remainder of that building is planned to be remodeled for El Gallo Giro. 291 N. Ave. E is the current location of a salon, which is proposed to remain in place as well.

A portion of 345 N. Ave. E is presently improved with parking, and patrons also utilize a gravel area on the north side of the building for parking. Further, the remainder of the Sandstone Plaza complex has available parking through the use of cross access and parking agreements, which are presently in place.

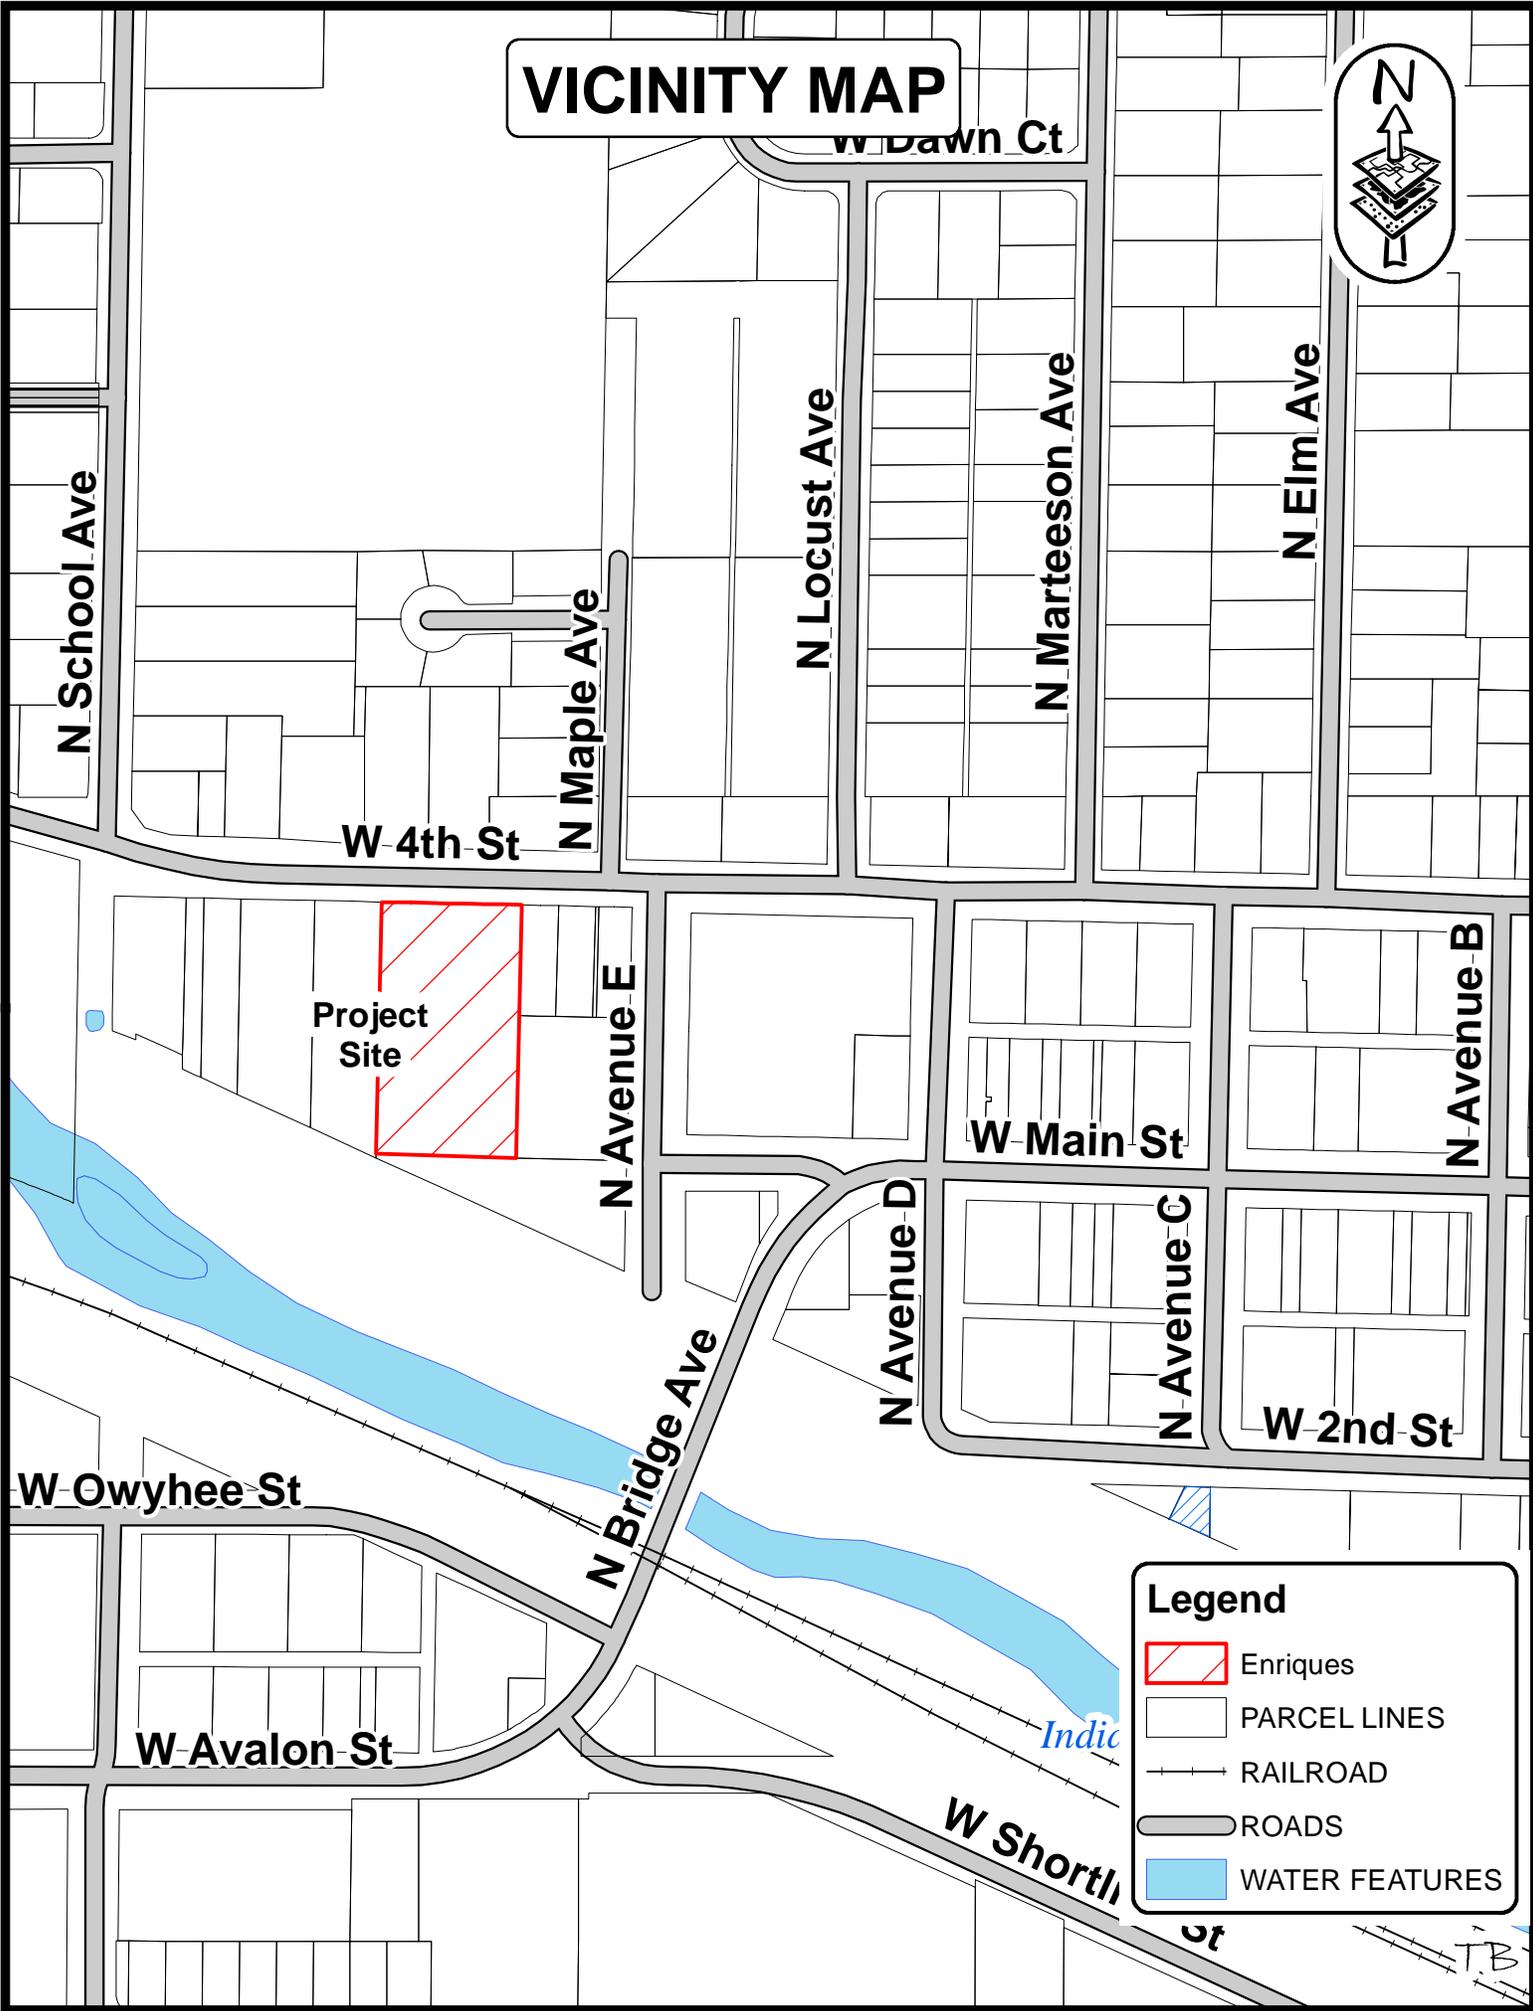

The improvements proposed for these properties include the creation of additional parking and an inviting plaza area within the site for the benefit of the public. As a part of these improvements, accommodations have been made to preserve the existing flag pole on the site. No changes to the building exteriors are proposed as a part of this application.

Please feel free to contact me with any questions.

Sincerely,  
KM Engineering, LLP

Kelly Kehrer, P.E.  
Principal Engineer
