

Kuna Downtown Revitalization

Revitalizing the heart of Kuna

Project Update 001

May 31, 2017

Idaho Power Work - In preparation for the Main Street & Avenue A project, Idaho Power will be relocating/burying the above ground power at Main Street and Ave D. This work is anticipated to be complete in approximately one week. The next step will be to advertise for bids to complete Phase I improvements (see project description below). Once the bidding process is complete, a construction schedule will be made available.

Phase I Project Description - Phase I includes reconstruction of Main Street from Ave D to Ave C, with new curb, gutter and widened sidewalks with landscaping, stamped concrete and decorative street lights. The east side of Avenue E from 4th Street to Main Street and the north side of Main Street from Ave E to Ave D will also be improved as part of Phase I. For questions, please contact the City Clerk's office at 208.387.7726

Phase I Concept Plan
